1. Feature Attribute Description

Luonnonsuojelualueet

LsAlue

Feature Attribute

LsAlueTunnus

Description

Nature conservation area code in the Environmental Information System "HERTTA". First part of the code indicates the type of the conservation area.

LPU

Strict nature reserve

KPU

National Park

ESA

SPA=Specially Protected Areas

VMA

Old growth forest reserve

LHA

Herb rich forest reserve

SSA

Protected mire

YSA

Private nature reserve

MRA

Protection areas with temporary protection decision

EMA

Wilderness area

MHA

Nature conservation area on State-owned lands owned by Metsähallitus and declared by Metsähallitus

HYL

Grey seal protection area

LTA

Protected habitat type

ERA

Site of species under special protection

Luokka

Nature conservation area class

Classes:

Erityisesti suojeltavien lajien esiintymispaikkojen rauhoituspäätökset

Protection decision on site of species under special protection

Erityiset suojelualueet

Specially Protected Areas

Erämaa-alueet

Wilderness areas

Hylkeiden suojelualueet

Grey seal protection area

Kansallispuisto

National parks

Lehtojen suojelualueet

Herb rich forest reserve

Luonnonpuisto

Strict Nature reserves

Luontotyypipäätökset

Protected Habitat Type

Metsähallituksen omalla päätöksellä suojellut alueet

Nature conservation area on state-owned land owned and declared by Metsähallitus

Määräaikaiset rauhoitusalueet

Protection areas with temporary protection decision

Soiden suojelualueet

Protected mires

Vanhojen metsien suojelualueet
Yksityiset suojelualueet

Old growth forest reserve
Private nature reserve

Subtype

Nature conservation area sub-class

Sub-classes:

Erämaa-alueet
Kansallispuistot
Luonnonpuistot
Valtion maalla olevat luonnonsuojelualueet
Yksityisten maalla olevat suojelualueet

Wilderness areas
National parks
Strict nature reserves
Protection area on state-owned land
Private nature reserve

| | |
|--------------|---|
| Nimi | Name of the protection area |
| DigPohja | Source information used for the digitizing |
| DigOrg | Organization where the dataset has been digitized |
| MuutosPvm | Date when the information has been updated |
| Lisatieto | Additional information on the feature |
| RauhoitusPvm | Protection decision – starting date |
| LakkautusPvm | Protection decision – ending date |
| DiaariNro | Protection decision's record number |

LsAlueLsAlueTaulu

Feature Attribute

Description

| | |
|--------------|--|
| LsAlueTunnus | Protection area code in the Environmental Information System "HERTTA". |
| Nimi | Name of the protection area in the Environmental Information system "HERTTA" |
| RauhoitusPvm | Protection decision – starting date |
| LakkautusPvm | Protection decision – ending date |
| DiaariNro | Protection decision's record number |
| NimiTiet | Scientific name of the specially protected species |
| NimiSuomi | Finnish name of the specially protected species |

LsAlueLuontotyypitaulu

| | |
|--------------|--|
| LsAlueTunnus | Nature protection area code as in the Environmental Information System "HERTTA". |
| Nimi | Name of the protection area in the Environmental Information system "HERTTA" |
| Selitys | Protected habitat type |
